PUBLIC NOTICE

RESOLVED, that a public hearing be held in the Town of Cheektowaga on the 7th day of October, 1940, at 3 p. m. at which time all parties interested shall be given an opportunity to be heard relative to the advisability of adopting the following proposed amendment to existing ordinances.

**PROPOSED ORDINANCES
REGULATING SPEED OF MOTOR VEHICLES IN THE TOWN OF CHEEKTOWAGA**

SECTION 1. Every person operating a motor vehicle on any street shall drive the same in a careful and prudent manner and at a rate of speed so as not to endanger the property of another, or the life or limb of any person; provided, that a rate of speed in any of the following streets within the limits prescribed to wit:

- William Street from Harlem Road to Andrew Street;
- Kensington Avenue from the City Line of Buffalo to the Town Line of the Town of Amherst;
- Harlem Road from Cleveland Drive to Maryvale Road;
- Pine Ridge Road from Walden Avenue to Delavan Avenue;
- Walden Avenue from City Line to Harlem Road;
- Delavan Avenue from City Line to Pine Ridge Road;
- Eggert Road from Delavan Avenue to Sugar Road;
- Rowley Road from Como Park Boulevard to Indian Road;
- Indian Road from Como Park Boulevard to First Street;
- Harlem Road from Cayuga Creek Road to Center Street;

in excess of twenty-five miles per hour for a distance of one-eighth of a mile shall be presumptive evidence of driving such motor vehicle at a rate of speed which is not careful and prudent.

SECTION 2. Every person violating the provision of Section 1 of this ordinance may, upon conviction, be punished by a fine not exceeding the sum of One Hundred Dollars (\$100.00) or by imprisonment for a period of time not to exceed thirty days or both, and all fines, penalties and forfeitures collected under this ordinance shall be paid to the Town and credited to the general fund.

Section 3. This ordinance shall take effect on the 7th day of November, 1940.

Adopted, September 3rd, 1940.

WHEREAS, if the street was an 80 foot street, the distance from the center line to the northerly line would be 40 feet instead of $37\frac{1}{2}$ feet as is shown on subdivision map filed under Cover No. 1608, and

WHEREAS Cleveland Drive to the westerly of the premises shown on subdivision map filed under Cover No. 1608 is only a 75 foot street and further that to the easterly of the premises in question, the street is not a uniform width of 80 feet but in some cases is only $49\frac{1}{2}$ feet and the width of the pavement is 36 feet, and

WHEREAS the County of Erie by foreclosure of tax scripts, secured title to all of the premises shown on the map filed under Cover No. 1608 has been deeding lots out in accordance with map Cover No. 1608. Therefore to conform with the premises to the westerly, the Town of Cheektowaga should deed to the County of Erie a strip $2\frac{1}{2}$ feet in width along the northerly line of Cleveland Drive as is shown on said Subdivision Map 1608, and

WHEREAS it would appear that the title to this small strip of land is in the name of the Town of Cheektowaga and is of no benefit to the Town of Cheektowaga and that more benefit would be derived by the Town in taxation by deeding it to the County of Erie so that they in turn can give title to purchasers, placing the title on the tax roll,

NOW, THEREFORE,

BE IT RESOLVED that the Supervisor be and he hereby is, for the sum of One (1.00) dollars, authorized to execute and deliver a warranty deed transferring the aforementioned property to the County of Erie, said property being more specifically described as follows:

ALL THAT TRACT OR PARCEL OF LAND, situate in the Town of Cheektowaga, County of Erie and State of New York, being part of Lot 36, Township 11, Range 7 of the Holland Land Company's Survey, and bounded and described as follows:

BEGINNING at the southeasterly corner of Subdivision Lot No. 1, as designated on a map filed in Erie County Clerk's Office, under Cover No. 1608, said point being in the northerly line of Cleveland Drive, as shown on said subdivision map, Eleven Hundred Sixty Three and Eleven One Hundredths (1163.11) feet westerly from the westerly line of Harlem Road; thence northerly and parallel with Harlem Road Two and One Half ($2\frac{1}{2}$) feet; thence westerly parallel with the northerly line of Cleveland Drive Six Hundred Thirty Six and Seven One Hundredths (636.7) feet to the westerly line of Subdivision Lot No. 11, as shown on said subdivision map; thence southerly Two and One Half ($2\frac{1}{2}$) feet to the southwesterly corner of Subdivision Lot No. 11, as shown on said subdivision map; thence easterly and along the northerly line of Cleveland Drive, as shown on said subdivision map Six Hundred Thirty Six and Seven One Hundredths (636.7) feet to the point or place of beginning.

BEING the northerly Town and One Half (2¹/₂) feet to the strip of land deeded to the Town of Cheektowaga by deed dated August 9th, 1926, and recorded in Erie County Clerk's Office on December 7th, 1931, in Liber 2172 of Deeds, at page 146.

Councilman Pawlak offered the following resolution and moved its adoption and it was seconded by Councilman Napieralski;

WHEREAS, thirteen residents of the Town of Cheektowaga who reside in the vicinity of William Street and Cayuga Road in the Town of Cheektowaga, have petitioned this Town Board to lend their aid towards having the County of Erie eliminate the flooded condition of their property and others located in the vicinity of William Street and Cayuga Road caused by the construction of Union Road and made worse by the construction of the Grade Crossing elimination at the Erie, D. L. & W. Lehigh Railroads at the Broadway and Union Road and the New York Central Railroad in that the ditches, drainage and grades have been changed and proper provisions have not been taken to remedy the condition and as the work progresses the flooded condition becomes greater, especially to the lands on William Street south of the elimination projects extending to Cayuga Creek, and

WHEREAS, the roads, William Street and Cayuga Road, being county roads, this township has no power or authority over them,

NOW, THEREFORE

BE IT RESOLVED, that the petition be referred to the Board of Supervisors and the County Highway Department for their action and attention with our recommendation that they attempt to eliminate the flooded condition, and

BE IT FURTHER RESOLVED, that the matter also be referred to the Highway Superintendent of the Town and he be asked to cooperate with the County Highway Department and also to the State Highway Department in elimination of this condition, and

BE IT FURTHER RESOLVED, that a copy of this resolution and petition be referred to the Board of Supervisors, Erie County Superintendent of Highways and to the Superintendent of Highways of the Town of Cheektowaga and to the State Highway Department.

Robert Stumm
Town Clerk.

Cheektowaga, New York
October 14th, 1940

An adjourned regular meeting of the Town Board of the Town of Cheektowaga, New York, held at the Town Hall, Monday October 14th, 1940 at 4 o'clock P. M. with the following members present;

C. CHASE ZALEMSKI,	Supervisor
STANLEY E. FEWLAK,	Councilman
FRANK SLIWINSKI,	"
NICHOLAS NAPIERALSKI,	"
HENRY LADWINKER,	"

Present -5- Absent -0-

A quorum being present the chairman called the meeting to order to transact all business that may come before the board.

Supervisor Zalemski stated that a notice had been published in the Depew Herald and Cheektowaga News for a public hearing on the annual estimates of revenue and expenditures for the year of 1941 by the various departments of the Town of Cheektowaga and declared that the hearing was now open to any person or persons favoring or objecting to the said estimates.

The Town Clerk then presented proof of publication of the notice of hearing and followed by reading the proposed budget estimates as heretofore filed in his office by the various departments in the Town.

After reading the aforesaid, the Supervisor asked if there were any objections to the estimates as read.

No objections were heard.

The Supervisor then asked if any one present wanted to speak in favor of the estimates as presented and read.

Dr. Victor Reinstein, said that he approved of the estimates as read and expressed his appreciation to the members of the Town Board for keeping a consistent tax rate in the Town of Cheektowaga, stating that in his opinion this was very beneficial to the progress of the Town of Cheektowaga.

Supervisor Zalemski then asked if there was any one present who wished to speak for or against the Highway Budget for the year 1941.

No one was heard.

Supervisor Zalemski then declared the hearing on the 1941 Budget closed.

ALBERT, STURM,
Town Clerk,
in and for the Town of Cheekto-
waga, New York. Oct 3-10

Councilman Ladwinker offered the following resolution and moved its adoption and it was seconded by Councilman Pawlak;

WHEREAS, the people of the Common School District #3 of the Town of Cheektowaga demand Police Protection for school children during school hours at the corner of Cleveland Drive and Harlem Road, and

WHEREAS, there are thirteen Public Schools in the Town of Cheektowaga and Six Parochial Schools in the Town of Cheektowaga, and

WHEREAS, these schools have made similar requests for Police Protection during school hours in the past, and

WHEREAS, the Police Department of the Town of Cheektowaga consists of fourteen men who work eight hours a day and each man has a twenty-four hour leave of absence every week leaving twelve men on duty each day of the week, and

WHEREAS, in order to give to the various Public and Parochial Schools in the Town of Cheektowaga this protection the Police Department would have to be increased to approximately twenty-eight men and it would increase the cost to the taxpayers of the Town of Cheektowaga almost twice the amount that is now being appropriated for police protection.

NOW, THEREFORE BE IT

RESOLVED, that the Town Board go on record as being unable at the present time to give to the various Public and Parochial Schools in the Town of Cheektowaga through its Police Department the protection requested.

Councilman Sliwinski offered the following resolution and moved its adoption and it was seconded by Councilman Napieralski;

RESOLVED, that the following

MINIMUM SPECIFICATIONS FOR STREET AND HIGHWAY CONSTRUCTION

TOWN OF CHEEKTOWAGA, ERIE COUNTY, N. Y.

be adopted

1. No dedication of a street or highway will be accepted by the Town Board and the Town Superintendent of Highways unless it be improved to conform with the following minimum specifications.
2. (No highways shall be laid out less than (3) three rods in width).
3. Two classes of construction are hereby created:

Class One: Highways laid out where adjoining lots are laid out with a frontage of less than (100 ft.) one hundred feet.

Class Two: Highways laid out where adjoining lots are laid out with a frontage of more than (100 ft.) one hundred feet.

4. Specifications for Minimum Construction:

- (a) Before starting work, the owner shall furnish the Town Superintendent of Highways a plan of the proposed highway, showing all work to be constructed within the highway bounds, together with the existing profile of the street, the proposed grade of the new highway and the proposed drainage structures, outlet drains and any other information that is necessary for the proper design of the highway. The typical section of the proposed highway shall also be shown and this section shall be at least equal to the sketch of the section shown herein.

This plan shall be approved by the Town Superintendent before the construction is begun. The Town Superintendent may request that the top of the base course, shall be constructed below the proposed grade if he deems it necessary.

- (b) The owner shall have the highway staked out with offset stakes set at intervals of at least 100 feet and at all intersections of streets and at the intersections of grades. A table of offsets and grades shall be furnished the Town Superintendent.
- (c) The Class One construction shall be at least 28 feet wide by 8 inches compacted thickness.

The Class Two construction shall be at least 20 feet wide by 8 inches compacted thickness.

- (d) Material: Highways may be constructed of gravel, slag or stone and sufficient filler shall be added so that the material will compact in a dense mass. The owner shall get the approval of the Town Superintendent of the material that he proposes to use before placing same. Material shall be placed upon roads in layers of not more than 6 inches loose and thoroughly compacted with a 10-ton roller.
- (e) SUBGRADE:

The subgrade on all types of roads shall be properly prepared after proper drainage has been provided. All boulders, muck, quicksand, soft clay, spongy material and any other objectionable material shall be removed as directed by the Town Engineer and Town Superintendent of Highways. All spaces from which objectionable materials have been removed shall be refilled with acceptable materials, such as stone, slag or gravel, as directed.

FOUNDATION COURSE

After all drains have been satisfactorily completed and the subgrade has been properly shaped, it shall be thoroughly rolled and compacted with an approved self-propelled roller weighing not less than ten tons. Care shall be taken not to roll clay foundations enough to develop a plastic condition. All hollows and depressions which develop shall be filled with acceptable materials and the subgrade shall again be rolled. This process of filling and rolling shall be repeated until no depressions develop. In places where the character of the material make the use of such a roller impracticable a lighter one may be permitted. The subgrade shall not be muddy, or otherwise unsatisfactory when the pavement is placed upon it. All necessary drainage to effectively drain the roadway must be completed before the placing of any pavement will be permitted thereon. The shoulders shall be rolled with a roller weighing not less than three tons and left in a compact and satisfactory condition at the completion of the pavement. At intervals of one hundred (100) feet lateral trenches or weepholes shall be opened up through the shoulders to the ditches, or at shorter intervals if, in the opinion of the Town Superintendent of Highways, the type of sub-soil requires same. These shall be filled with the same material as that of which the foundation course is constructed.

(f) EMBANKMENTS:

Embankments shall be formed of suitable materials, graded and rolled to the property lines, and approximately true to lines and grades. All stones larger than three (3) inches in diameter or any other objectionable material shall be removed from the surface.

(g) INTERSECTING HIGHWAYS:

At all intersecting public highways a smooth riding and satisfactory junction must be produced. There shall be no connecting of a highway into one of the Town Highways or County Highways without a radius curb being installed by the owner before acceptance by the town.

(h) CULVERTS DRAINAGE:

No culverts shall be placed that are less than a 12" diameter pipe. Twelve-inch pipe shall also be placed at the intersection of all drive-ways and the highway ditches. Outlet ditches shall be dug more necessary to properly drain the highway. The owner shall furnish the town permanent easements for this purpose when required by the Town Superintendent. No highway will be accepted where the drainage has not been thoroughly taken care of.

(i) SEASONAL AND WEATHER LIMITATIONS:

No material shall be placed from October 15th to May 15th except by written permission of the Superintendent of Highway.

- (j)** The owner shall notify the Town Superintendent when he plans to commence construction. No material for the construction of the road or drainage shall be placed until the Town Superintendent has been notified and had a chance to inspect and approve the work.

5. Before the highway is finally accepted, the owner shall furnish the town with a deed at no expense to the town.

Dear Sir:

From the information contained in your letter of November 27th, and the attached copy of the letter from E. P. Rixinger, Plant Engineer of the Curtiss Wright Corporation, it is apparent that some special means of controlling traffic at the new plant on Genesee Street will be required.

We will arrange to conduct an investigation with the State Police and will have reports in the hands of the Traffic Commission as soon as the details concerning the hours of plant operation, and volume and direction of traffic flow, are determined.

The State Traffic Commission will order the type of traffic control to be adopted for the location. We expect that we will be able to obtain this order well in advance of the time when the plant will be in full operation.

Very truly yours,

(Signed) CHAS. R. WATERS

District Engineer.

Councilman Ladwinker moved the following resolution and it was seconded by Councilman Pawlak;

RESOLVED, that the Supervisor and Town Attorney be and they hereby are authorized to petition the New York State Highway Department, and the New York State Traffic Commission to erect and maintain a traffic signal light at the intersection of Sugg Road and Genesee Street in the Town of Cheektowaga, in the interest and safety of the traveling public on these highways.

Division of Houdaille-Hershey Corporation
BROADWAY & KENNEDY ROAD, CHEEKTOWAGA
Buffalo, New York

+

November 26th, 1940

Mr. John J. Zablony, Highway Superintendent,
Cheektowaga Town Hall,
Cheektowaga, New York

Dear Mr. Zablony:

We are enclosing two blueprints which will be helpful to you in providing the drainage ditches to remove the surface water which is now going across the tract of land on which we are going to erect a factory.

The first print is the regular survey map dated October 29th, 1940 and is titled "Job NC-8918" by Nussbaumer & Clarke, Inc.

We are also enclosing a ground plan made by our architect which shows the location of the main building, the fences, etc. You will notice that the fence extends along the lot line on the Kennedy Road side a distance of 1400 feet from Broadway, where it turns at right angles across the property its full width of about 700 feet to the east line, where again it follows the property line back to Broadway.

We are particularly concerned about the culvert crossing Broadway, which drains the cemetery on the north side. This culvert enters our property at a point rather close to the east line and it is our suggestion that you divert this water by providing a proper drainage ditch east along Broadway to our fence corner and then south along our east lot line.

Your suggestion that it might be better to carry this particular drainage ditch almost the entire length of our property, in this way intercepting the present ditch which crosses the south end of our property, and passing under Kennedy Road, drains in a general southwest direction, probably is the least costly and the best way to accomplish this result.

We are going to want to put tile drainage in our parking lot which will be in the front 600 feet of our property for its entire width and of course will drain through the drainage ditch which you will provide. For this reason, the ditch should be more than 3 feet deep on the northeast corner of our property.

The writer has been in touch with the D. L. & W. Local engineer since his visit with you this afternoon to try to determine if we could obtain an easement so this open ditch could be carried down their property just east of ours, but find this will require action by their New York office. We have already taken immediate steps to try to accomplish this and will have an answer in a few days.

In the meantime, there is nothing to prevent your going ahead with your plans because if the D. L. & W. object to a ditch on their property, you have already been assured that we will then permit you to put it inside of our east fence line.

We assume that the same time you talk about this diversion of the culvert water from the Broadway end, you will also take care of deepening the surface ditch on the west side of Kennedy Road and deepening the ditch mentioned above running from Kennedy Road toward Harlem Road.

In accordance with our conversation, we have started at once the contract for the 5 foot sidewalk, one foot west of our fence line down Kennedy Road from the Broadway curb to the side of the parking lot entrance gate some 600 feet from Broadway.

You have indicated to the writer that you would see that the power and light posts were moved to permit this installation at once.

The wider paving on Kennedy Road, which was discussed with members of the Board, prior to our acquisition of the property, will be necessary at least as far as our parking lot entrance gate because at this gate will be located the watchman and the employment office and it will as well handle incoming freight trucks.

This material is all being sent to you by special messenger so it will be available before your meeting Wednesday morning.

With kind personal regards -

Very sincerely yours,

BUFFALO ARMS CORPORATION

RE: Alpine Street Station
Cheektowaga, New York

The following letter was presented and read.

Mr. C. Chase Zalemski
Supervisor
Cheektowaga Town Hall
Forks, New York

Dear Sir:

We find, as the work has progressed, on this station that it will be very desirable to have the size pumps and motors, together with the necessary starting equipment enlarged about twenty per cent.

In order to accomplish this, we have taken the matter up with the Buffalo Electric Company who have the contract for the mechanical equipment, and find that the changes involved will amount to about \$900 on their contract.

We are writing to request approval of the changes involved so that the contractors can proceed with ordering the material, issue shop prints, and permit us to revise the masonry drawings as the location of pipes and conduits must be set as the work progresses.

Very truly yours,

NUSSBAUMER & CLARKE, INC.

(Signed)

NEWELL L. NUSSBAUMER

On motion of Councilman Sliwinski, seconded by Councilman Pawlak the following resolution was adopted;

RESOLVED, that Newell L. Nussbaumer of Nussbaumer & Clarke, Inc. be and he hereby is authorized and directed to order and make the necessary changes in the Alpine Street Station as per above communication and recommendation.

Carried, Ayes -5- Noes -0-

On motion of Councilman Ladwinker, seconded by Councilman Pawlak the Supervisor was authorized and directed to notify the Buffalo Niagara Electric Corporation to make the following changes and repairs to street lights in the Town of Cheektowaga, namely:

Lights to be turned out and removed.

Light #15 Cory Court
Light #19 Rost Place

Lights to be installed and turned on.

1 Light on Pole No. 1687 Kensington Avenue near Cleveland Drive.

Turn on street light No. 758 north side of Cleveland Drive, House No. 740.

1 Light on Kensington Avenue and Century Road, southwest corner knocked down, should be replaced.

Turn on and install standard.

Street light on Eggert Road, about 150 feet north from Delavan Avenue, this connection is now covered by a safety box.

The following lights are in a leaning position and should be straightened out.

Light No. 84, Liberty Terrace, east side.

Light No. 1663, Kensington Avenue, south side, about 150 feet east from Century Road.

Light No. 1617, Kensington Avenue, about 200 feet west from Century Road.

Chairman Pawlak stated that a notice had been published in the Depew Herald and Cheektowaga News for a public hearing on the granting of a consent by the Town Board to the International Railway Company to operate buses on Broadway in the Town of Cheektowaga.

The Town Clerk then presented proof of publication and posting and followed by reading same.

Chairman Pawlak then asked if there was any one present who wished to speak against the granting of this consent.

No one was heard.

Chairman Pawlak then asked if there was any one present who wished to speak in favor of the granting of this consent.

No one was heard.

Chairman Pawlak then declared the hearing closed.

Councilman Sliwinski offered the following resolution and moved its adoption and it was seconded by Councilman Napieralski;

WHEREAS, the International Railway Company has petitioned this board for a consent to operate buses on the following named street in the Town of Cheektowaga, to wit:

In Broadway between the westerly town line of the Town of Cheektowaga and a point 100 feet east of Wagner Avenue, Wagner Avenue Wye, as part of the Broadway route, the grantee to operate in Wagner Avenue for the purpose of turning buses around by means of a wye operation, said buses will operate at first before and after working hours on week days, and all day on Sundays and holidays except during the winter season, and ultimately all day and every day in, along, and upon the above named route.

and,

WHEREAS due notice of a public hearing has been given by the Town Clerk and the matter having come on for hearing this day and no one appearing in opposition thereto,

NOW, THEREFORE

BE IT RESOLVED that the application for the aforesaid consent is hereby granted.

Chairman Pawlak called the meeting to order to transact all business that may come before the board.

Chairman Pawlak stated that first in order was a public hearing on the petition from the Defense Plant Corporation for the creation of a sewer district in the Town of Cheektowaga, pursuant to the provisions of article 12 of the Town Law.

The Town Clerk then presented a certified copy of the Notice of Public Hearing and proceeded to read the same.

Chairman Pawlak then asked if there was any one present who wished to speak against the creation of this district,

No one was heard.

The Chairman then asked if any one present wished to speak in favor of same.

No one was heard.

The Chairman then declared the hearing closed.

Mr. Sliwinski offered the following resolution and moved its adoption:

WHEREAS, a petition was duly presented to this Town Board on the 16th day of December, 1940, for the establishment, as a sewer district, of certain territory wholly situate in this Town outside of any incorporated village or city, and

WHEREAS, said petition also requests and proposes the construction of certain trunk and main sewers for said proposed district, wholly at the expense of such district, and further proposes that additional sewerage and disposal facilities be provided by contract with Sewer District No. 5 of this Town, and

WHEREAS, the maximum amount proposed to be expended for such improvement as stated in said petition, is Forty-two Thousand Dollars (\$42,000), and

WHEREAS, this Town Board, on the 16th day of December, 1940, duly adopted an order specifying that this Board would meet at the Town Hall in the Town of Cheektowaga, on the 30th day of December, 1940, at 4:30 o'clock P. M., Eastern Standard Time, to consider said petition and to hear all persons interested in the subject thereof concerning the same, and

WHEREAS, the Town Clerk has presented to this Board proof of due publication of a certified copy of order and posting and mailing of copies thereof pursuant to Section 193 of the Town Law, and

WHEREAS, this Town Board, pursuant to such order, has met at the time and place specified in such order and considered said petition and heard all persons interested in the subject thereof desiring to be heard concerning the same,

NOW, THEREFORE, after due deliberation thereon, it is hereby resolved and determined:

FIRST: That said petition is signed and acknowledged as required by law, and is otherwise sufficient;

SECOND: That all the property and property owners within the proposed district are benefited thereby;

THIRD: That all the property and property owners benefited are included within the limits of the proposed district;

FOURTH: That it is in the public interest to grant in whole the relief sought in said petition; and

BE IT FURTHER RESOLVED, that the establishment of such sewer district to include the following described area within the Town of Cheektowaga, Erie County, New York:

ALL THAT TRACT OR PARCEL OF LAND, situate in the Town of Cheektowaga, County of Erie and State of New York, being parts of Lots Nos. 5 and 78, Township 11, Range 7 of the Holland Land Company's Survey, bounded and described as follows:

Mr. Ladwinker offered the following resolution and moved its adoption:

WHEREAS, this Board did heretofore establish Sewer District No. 6 in the Town of Cheektowaga, Erie County, New York, and did instruct Newell L. Nussbaumer, Consulting Engineer for the Town of Cheektowaga, to prepare definite plans and specifications and a careful estimate of the expense, and with the assistance of the Town Attorney, a proposed contract or contracts for the execution of the work, and

WHEREAS, said plans, specifications, proposed contract, and estimate have been duly made and approved by this Board,

NOW, THEREFORE, BE IT RESOLVED, that sealed proposals be invited for the furnishing of labor and materials necessary for the doing of the work for the construction of a sewerage system for said sewer district in accordance with said plans, specifications, estimate, and proposed contract heretofore adopted by the publication of notice thereof at least once in the Depew Herald and Cheektowaga News, the official paper of this Town, and require all persons who shall offer to do said work, to file a sealed proposal or offer to do the work with a certified check in a sum equal to five per centum (5%) of the estimated expense of the improvement, payable to the order of the Supervisor or a bond with sufficient sureties to be approved by the Town Attorney in a penal sum equal to five per centum (5%) of the estimated expense of the improvement, conditioned that if his proposal shall be accepted, he will enter into a contract for the same and that he will execute such further security as may be required by the faithful performance of the work, and be it further

RESOLVED, that sealed proposals be received and considered publicly at a meeting of the Town Board of the Town of Cheektowaga at the Town Hall in said Town of Cheektowaga on the 13th day of January, 1941, at 8 o'clock P. M., Eastern Standard Time, and be it further

RESOLVED, that said notice to Contractors shall be in substantially the following form:

NOTICE TO CONTRACTORS

NOTICE IS HEREBY GIVEN that pursuant to a resolution of the Town Board of the Town of Cheektowaga, Erie County, New York, sealed proposals shall be received and considered by said Town Board, on the 13th day of January, 1941, at 8 o'clock P. M., Eastern Standard Time, at a meeting of the Town Board held in the Town Hall in the Town of Cheektowaga, Erie County, New York, for the furnishing of all the materials and equipment, together with all labor for the construction of a sewer system for Sewer District No. 6, in accordance with proposed contract, plans, profiles, drawings, instructions to bidders, specifications and estimates, prepared by Newell L. Nussbaumer, Consulting Engineer of the Town of Cheektowaga, and approved by the Town Board of said Town, all of which are on file with the Town Clerk at his office in the Town Hall of said Town, where the same may be examined during the usual business hours. Copies of the proposed contract, plans, profiles, drawings, instructions to Bidders, specifications and estimates may also be examined at the office of Newell L. Nussbaumer, Consulting Engineer of the Town of Cheektowaga, at 327 Franklin Street, Buffalo, New York.

Each proposal shall be accompanied by a certified check in the sum of five per centum (5%) of the amount of said bid, payable to the order of C. Chase Zalemski, Supervisor of the Town of Cheektowaga, or a bond with sufficient sureties to be approved by the Town Attorney in a penal sum of five per centum (5%) of the estimated expense of the improvement conditioned that if his proposal is accepted, he will enter into a contract for the same and that he will execute such further security as may be required for the faithful performance of the work; the Town Board reserves the right to reject any and all bids and proposals and to advertise anew and to award one contract for the entire work or separate contracts for portions thereof, if in its judgment it shall deem it to be for the best interests of the Town so to do.

By order of the Town Board of the Town of Cheektowaga.

ALBERT STURM,
Town Clerk.
