WHEREAS, the people should be permitted to vote upon these propositions without being put to the trouble, inconvenience, and expense of obtaining a petition to force this Council, its servants, to call the required special election, and

WHEREAS, it is in the public interest that such propositions should be submitted to a vote of the electorate immediately so that the ward system and/or the increase in the number of Councilmen may be effective for the next biennial Town election which will be held in November, 1949, if the vote upon such propositions is in favor of them, even though their terms of two of the Democratic members of this Council will thereby be shortened, and

WHEREAS, the refusal of the majority of the Democratic members of this Council to comply with their campaign promises to submit the proposition for a ward system to the voters shows that the Democratic Party is unable to be responsible for the carrying out of its solemn pledges to the public because some of its representatives prefer to put personal interest above that of the people of this Town,

NOW, THEREFORE,

BE IT RESOLVED, that a special election be held as soon as possible at which time there shall be submitted for a vote of the electorate as provided in the Town Law of two propositions, the one for the creation of a ward system for the election of Town Councilmen and the second, for the increase of the number of Councilmen from four to six.
