*****ZONING BOARD OF APPEALS

IN THE MATTER OF THE APPLICATION
OF

WILLIAM M. TADIO
TO ZONE FROM "RESIDENCE" TO "BUSINESS"
PROPERTY ON GENESEE STREET, IN THE TOWN
OF CHEEKTOWAGA, NEW YORK.

The petition to zone a large tract of land on Genesee Street, of approximately 12 acres, as hereinafter described, from "Residence" to "Business" for sales and display of house trailers has been carefully considered by the Zoning Board of Appeals.

It has inspected the property involved and has also made an inspection of the location of trailers throughout the Town of Cheektowaga, New York. The Zoning Board of Appeals has been advised that it is the policy of the Town not to allow trailers to be located in the Town of Cheektowaga for residence purposes for the reason that the same does not comply with the requirements of the Building Code.

In only one instance has a permit been granted under Section 32 of the Zoning Ordinances of the Town of Cheektowaga, New York, which regulate the establishment of tourist parks or camps. Since the granting of this permit many towns and communities throughout the State of New York have banned trailer camps. We recommend to the Town Board that no more trailer camps be allowed to locate in the Town of Cheektowaga.

While this application to rezone is not for the purpose of establishing a trailer camp but for a display room for the sale of trailers, we are of the opinion that it falls in the same category and cannot be permitted because of the provisions of Section 14 a of the Zoning Ordinances.

If this display room for the sale of trailers was allowed to do business in the Town of Cheektowaga, some people would be induced to purchase trailers on the theory that the same could be located within the town.

We believe it would be to the best interests of the Town of Cheektowaga, New York, if this application were denied without prejudice, and the petitioners applying for "Business" zoning for some other purpose.

ITEM NO. 5 PETITION

TO: THE HONORABLE TOWN BOARD
TOWN OF CHEEKTOWAGA, NEW YORK

The petition of Depew Paving Company, Inc., by Joseph Cerullo its president, respectfully shows:

1. That your petitioner is a general contractor in the County of Erie, State of New York, with offices at 4955 Broadway, Depew, New York, and is presently performing under a certain contract with the State of New York for the construction of a certain section of the New York State Thruway commonly designated as Ontario Thruway Section 13, Contract #O.T. 52-17.

2. That petitioner has procured an agreement with Lester B. Baker of 38 N. Cayuga Road, Williamsville, N.Y. for the purchase and removal of earth from the lands of the said named gentlemen located in the Town of Cheektowaga, south of Aero Drive and west of Young Road (Amherst-Villa Road).

3. That the earth contemplated to be removed from said premises is above the general ground level of the area in existing knolls on the aforesaid property of Lester B. Baker.

4. It is your petitioners' understanding that the present elevation of the ground where it is requested that dirt be removed is several feet above street level of the nearest abutting road to wit: Aero Drive and the area from which the dirt is to be removed starts approximately 50 feet south of the center line of Aero Drive and approximately 100 feet west of house showing on Assessors map as being owned by Jerome Hauck and Wife.

5. The area involved is industrial in character and zoning and in its present condition, of little or no use for industrial, business or residential purposes; hence the lowering of said knolls will effect an improvement of the entire area and increase its utility value.

6. In this petition it is respectfully requested that permission be granted to allow the earth to be removed from said premises solely for use in the construction of the New York State Thruway as aforesaid.

7. That it is the intention of your petitioner to remove and stockpile the topsoil, now on the property, before removal of the earth for fill and after removal, to replace the topsoil over the area worked and grade same to the present general ground level, surrounding said knolls, in the manner required by Ordinance.

8. It is estimated that approximately 30,000 cubic yards of borrow will be drawn from the area for the uses aforesaid and that this operation will be completed within one year from the date of this application.

9. Your petitioner is familiar with the provisions of the Excavating Ordinances of the Town of Cheektowaga, New York, and is ready, willing and able to comply with all of the said provisions insofar as same are applicable to the existing conditions.

10. That your petitioner will faithfully observe and comply with all Ordinances of the Town of Cheektowaga regulating Sand Banks and Gravel Pits, Topsoil, Removal and Other excavations.

11. That it is necessary that this petition be acted upon at once as the fill is needed immediately to carry on construction of the said Thruway.

12. That annexed hereto and as part of this application are two certified checks of the Depew Paving Company, Inc., in the sum of \$200.00 and \$2,000.00 respectively for the minimum fee required by Article I, Section 7(a) of the applicable Ordinance and for security required in lieu of bond or pending determination of the specific bond as required by Article I, Section 6 of the said Ordinances.

WHEREFORE, your petitioner asks that a permit be granted to remove earth from the area shown on the annexed drawing, during the period from September 19, 1953 to September 18, 1954.

Deponent further says that the reason this verification is made by deponent and not by Depew Paving Company, Inc., is because the said Depew Paving Company, Inc., is a corporation and the grounds of deponents' belief as to all matters in the said petition not stated upon his own knowledge, are investigations which deponent has caused to be made concerning the subject matter of this petition and information acquired by deponent in the course of his duties as an officer of said Depew Paving Company, Inc.

Dear Sir:

We are submitting for your approval the attached copies of a sketch indicating our recommendations for modernizing the street lighting installation on Andrews Street.

At the present time there are four (4) ornamental Street Lights attached to poles # 13, 20, 41 and 56 which we would replace with the modern pendant type luminaries and mastarms. This change would result in savings of \$15.00 per year.

We would appreciate an early reply to this letter.

Yours very truly,

ITEM NO. 6 DECISION OF ZONING BOARD OF APPEALS

IN THE MATTER OF THE APPLICATION
OF
ANTHONY KAJDASZ
TO ZONE FROM RESIDENCE TO BUSINESS
PROPERTY LOCATED ON THE SOUTH-WEST CORNER
OF WILLIAM STREET AND FREDERICK STREET,
TOWN OF CHEEKTOWAGA, NEW YORK.

The premises sought to be rezoned are located on the south-west corner of William Street and Frederick Street. It was stated at the hearing that it was the intention of the owner to construct a Retail Store to deal in clothing and the cleaning of clothes. The previous application for rezoning other property in the same area was denied.

The lot faces William Street. It is a shallow lot and no provision could be made for off-street parking. People living on Frederick Street vigorously oppose the granting of the application to rezone. We recommend that the application be denied.

The following is a description of the property sought to be rezoned:

ALL THAT TRACT OR PARCEL OF LAND SITUATE in the Town of Cheektowaga, County of Erie, and State of New York, being part of farm lot No. 70, Township 10, Range 7, of the Buffalo Creek Reservation and according to a map of Steul Land Company Subdivision filed in the office of the Clerk of Erie County under Map Cover 430, is further distinguished as Subdivision Lot No. 3.

South-west corner of William and Frederick Street.

ITEM NO. 3DECISION OF ZONING BOARD OF APPEALS

In the Matter of the Application of
KATHERINE R. PAJAK
For the rezoning from "Residence District"
to "Second Industrial District", one-half
acre of land located on the south side of Cayuga Road.

According to the application for rezoning, the petitioner seeks to zone from "Residence District" to "Second Industrial District" one-half acre of land located on the south side of Cayuga Road in accordance with a sketch filed in the Town Clerk's Office.

The purpose stated in the application is that it is the intent of the petitioner to use the premises for an automobile wrecking plant.

Many home owners who reside on Cayuga Creek Road appeared and objected to the granting of the application. They are of the opinion that an auto wrecking business would create a blighted area and would greatly depreciate already established property.

The members of the Zoning Board of Appeals personally inspected the premises and the property located in the immediate vicinity and it is their opinion that this is a residential area and should remain same. We recommend that the application to rezone this property from a "Residential District" to a "Second Industrial District" be denied.

Dated: September 25th, 1953.
