severely disabled workers in their search for suitable work is now in prospect, according to Industrial Commissioner Isador Lubin.

Beginning in 1955, the allocation of additional federal funds to this state will enable the Division of Vocational Rehabilitation of the State Education Department and the Vocational Rehabilitation Service of the State Commission for the Blind to expand their rehabilitation activities. These funds will also permit the State Employment Service of the Labor Department to provide more effective counselling and placement service to handicapped persons who have been readied for work, he said.

Most likely to benefit from the stepped-up counselling and placement program, Commissioner Lubin indicated, will be severely disabled persons who have undergone rehabilitation or habilitation and are now ready for employment.

TO THE TOWN BOARD AND TOWN CLERK OF THE
TOWN OF CHEEKTOWAGA, IN ERIE COUNTY, NEW YORK:

I, JOSEPH J. FALTER, a duly qualified elector of the Town of Cheektowaga, and qualified to vote upon a proposition to raise and expend money, residing at No. 20 Barbara Place in said town, and being the Chairman of the Republican Town Committee of said Town, having heretofore and on February 26, 1955, filed objections to the alleged petition filed with you on February 21, 1955, which said alleged petition concerns the matter of submitting a proposition to the voters of said town with reference to abolition of the Ward System, and in which said objection, I reserved the right to further amplify and extend the same,

NOW, THEREFORE, I Herewith submit the following further objections to said alleged petition in addition to the objections already filed, and state that the alleged petition is insufficient and void for the following additional reasons:

1. Said alleged petition or part thereof was circulated by a child, which said child did not act as a witness to the signatures signed in the presence of said child but instead some adult signed his name as a witness thereto.

2. A child signed the name of the father to said alleged petition without any authority from the father to do so.

3. It appears on the face of said alleged petition that many names have been tampered with in that they were signed originally in pencil and the signatures have been retraced in ink.

4. The said alleged petition has not been check as to the number of valid signatures appearing thereon, particularly as regards the qualifications of the signers.

5. The said alleged petition is not dated.

6. The dates on which the signatures were signed on the alleged petition are not shown.

7. It is apparent on the face of the alleged petition that in many cases the same persons who signed their own names also signed the names of other persons.

IN WITNESS WHEREOF, I have signed these obligations on the 3rd day of March, 1955.

of Cheektowaga, New York, on the
7th day of March, 1955 at 2:30
o'clock P.M., Eastern Standard
Time, there were:

Joseph A. Neibert, Councilman
Felix Wroblewski, Councilman
Stanley Bystrak, Councilman

ABSENT:
Henry Nagel, Councilman
Councilman Neibert presented
the following resolution and mov-
ed its adoption:

WHEREAS, a petition subscribed
and acknowledged by about 2,100
electors of the Town of Cheekto-
waga, qualified to vote upon a
Proposition to raise and expend
money, which number is almost
twice as many signers as is requir-
ed by Section 81 of the Town Law,
was duly filed in the Town Clerk's
Office on the 21st day of February,
1955, requesting that a Proposi-
tion to abolish the Ward System
for the election of Councilmen be
submitted at a special election to
be called for that purpose, and

WHEREAS, the Town Board, on
the 28th day of February, 1955, at
a regular adjourned meeting there-
of, adopted a resolution granting
the relief sought in said petition
and directed that a special election
be held in the Town of Cheekto-
waga, New York, on the 29th day
of March, 1955, and that there be
submitted at such special election,
the following Proposition:

PROPOSITION NO. 1

TOWAGA, NEW YORK, ABOLISH
THE WARD SYSTEM FOR THE
ELECTION OF COUNCILMEN?

and
WHEREAS, Joseph J. Falter, the
Chairman of the Republican Town
Committee of the Town of Cheek-
towaga, New York, has filed ob-
jections to the petition claiming
that the petition is insufficient and
void because it is not in accord-
ance with the provisions of Section
81, Subdivision 5 of the Town Law
in that it is not acknowledged by
the purported signers thereof and
has indicated that he intends to in-
stitute proceedings in the Supreme
Court, questioning the validity of
the petition, and

WHEREAS, members of the
Town Board have examined the pe-
tition and believe that the same
conforms, in every respect, with the
requirements of Law, but recog-
nize the fact that the institution of
objections to the petition may de-
lay the date of the special election,
and

WHEREAS, it is necessary for
the Board of Elections to have a
prompt decision on the question so
that if it becomes necessary, it can
divide the Town into Wards as re-
quired by Section 85 of the Town
Law in time for the coming elec-
tion, and

WHEREAS, it is the opinion of
the Town Board that no political
party or group of its members
should be permitted to thwart the
will of 2,100 or more property own-
ers who signed the petition by
raising technical objections there-
to, not affecting the merits, and

WHEREAS, to avoid any possi-
ble confusion and delay in the hold-
ing of such special election, this
Town Board, on its own motion,
pursuant to Section 81 of the Town
Law, does hereby adopt the follow-
ing resolution:

RESOLVED, that the following
Proposition be submitted to the

REPORT

Sales of electricity and gas in 1954 by New York State Electric & Gas Corp. were greater than ever before as company facilities were expanded to meet both present and anticipated needs of a constantly growing customer demand according to the annual report released this week.

Light's Diamond Jubilee, 1954 saw the installation of service to the company's 400,000th electric customer and a record increase of 199 kilowatt hours over 1953 in the average annual use by residential and farm customers. Average annual use by both residential and farm customers thus was brought to 2,683 kilowatt hours per customer. The report notes that average annual use in the territory served continued to be materially higher than the national average for such customers.

The report indicates that capital expenditures for construction in 1954 were \$29,700,000. Although no new electric generating facilities were placed in service during the year, construction of the first 135,000 kilowatt unit at the new Milliken Station, north of Ithaca, and related transmission facilities proceeded on schedule for completion in the fall of 1955.

Use of electricity on the farm continues to grow with the average annual use of farm customers, separated from other residential users now at 4,885 kilowatt hours. Because the dairy industry was adversely affected by unfavorable costs and marketing relationships in 1954, the company as a part of its community relations program developed a special promotion to encourage the consumption of milk as a service to its 48,000 farm customers and to promote the economic well-being of its entire ser-
