(3) determines the period of probable usefulness of said purpose to be twenty years, and

(4) determines that the maturity of said bonds will be in excess of five years, and

(5) states that the validity of said Serial Bonds and Capital Notes or of any bond anticipation notes issued in anticipation of the sale of said Serial Bonds may be contested only if such obligations are authorized for an object or purpose for which said Town is not authorized to expend money, or the provisions of law which should be complied with at the date of the publication of such resolution are not substantially complied with; and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication; or if said obligations are authorized in violation of the provisions of the Constitution of New York.

BE IT RESOLVED, that the members of the State Legislature be and they hereby are requested to vote against any legislation introduced to effectuate the Governor's program of fee increases, and if the institution of called-for economies in State expenditures is not sufficient to meet the State's financial obligations, that the untenable principle of "pay as you go" be abandoned and that State obligations be issued to raise moneys to meet current State requirements, and be it

Approximately 20 to 30 appeared in opposition to the rezoning, they also presented a petition signed by 87 property owners in the vicinity on the grounds that such a change in zoning would tend to depreciate values in the immediate area and the environment, that there are restrictions which limit the use of the premises for residential purposes and the applicant in view

To rezone from Residential to a Business District the following described property, ALL THAT TRACT OR PARCEL OF LAND situate in the Town of Cheektowaga, County of Erie, State of New York, bounded and described in accordance with a survey by John W. Darling, dated May 24, 1955, BEGINNING at the southerly corner of Cleveland Drive (80') wide and Beach Road (60' wide) and extending, THENCE (1) southeasterly along the southwesterly side of Cleveland Drive 150' to point and extending, THENCE (2) southwesterly at right angles to Cleveland Drive 88.82' to a point, and extending, THENCE (3) northwesterly and parallel with Cleveland Drive 150' to a point in the Southeasterly side of Beach Road and extending, THENCE (4) northeastwardly along the southeasterly side of Beach Road 88.82' to the point and place of beginning.

The applicant intends to use the premises as a gasoline filling station.

The Zoning Board of Appeals conducted a public hearing on February 20, 1963, after proper notice to all proper parties concerned. Approximately 10 people appeared in opposition to the rezoning and a petition signed by 27 nearby property owners was presented in opposition thereto, there opposition was based on the contention that such rezoning for such purposes would tend to devalue resident properties in the immediate vicinity and would be a traffic hazard.

The members of the Zoning Board inspected the premises and other premises in the vicinity and in view of the fact of the residential nature of the area recommend that the application be denied.

Item No. 28 Supervisor Holtz and members of the Council, I have here approximately 15,000 signatures, They are on petitions which protest the building of a limited, obsolete jetport in Cheektowaga. The petitions urge that a truly first class regional jetport be built at a well planned site elsewhere on the Niagara Frontier. I announce the number to you as an indication of the peoples support of your action against the Port Authority.

These names were gathered during January and February, two of the coldest and stormiest months on record, despite a minimum amount of publicity in the city newspapers. Under the most trying circumstances private citizens have exercised their right to petition their elected representatives. I emphasize I show them to you not as president of the C.I. A. but as a representative of all the organizations and individuals who have worked in the drive.

Item No. 28 Cont'd

We expect to continue to collect signatures until the fight is won. However, we realize the Port Authority is causing intense pressure to be put upon you in an effort to get you to drop the court appeal. To change public opinion the Authority has unleashed a publicity campaign of a type never seen before in this area. They are even making the ridiculous allegation that we will all move away if the jetport is not built here. We therefore take this opportunity to urge the people of the Niagara Frontier to ask that they be permitted to hear our side of the story. If the truth is allowed to be heard there is no doubt in our minds that we will succeed.

Once, again, thank you gentlemen for your support. We will return in the near future with many more signatures. 10
