Is Extended

Supervisor Daniel E. Weber is still a patrolman on leave of absence from the Town Police Department.

Mr. Weber went on leave nearly four years ago when townfolk first elected him to the highest political office.

His leave has been renewed each year since. The Town Board went through this formality again Monday, granting him leave for 1967 and dating the resolution back to Jan. 1.

To make good a person has to be good.

Is Extended

Supervisor Daniel E. Weber is still a patrolman on leave of absence from the Town Police Department.

Mr. Weber went on leave nearly four years ago when townfolk first elected him to the highest political office.

His leave has been renewed each year since. The Town Board went through this formality again Monday, granting him leave for 1967 and dating the resolution back to Jan. 1.

To make good a person has to be good.

To request the Erie County Highway Traffic Division to make a study for the Town of Cheektowaga of the feasibility of installing a traffic signal light at the intersection of Cleveland Drive at Lochland Drive. Lochland Drive is adjacent to the entrance of the New York State Thruway at Cleveland Drive and many children are using this facility to go to and from Infant of Prague church and school and we feel that the safe crossing is a necessity.

We hope that the department makes this study and we appreciate if the permit will be issued to the Town of Cheektowaga for same.

Bateman and order the Town Clerk to place in permanent Town Records the copy of the Citation of Award of the Silver Star and Bronze Star to Neil E. Bateman,

> For gallantry in action while engaged in military operations involving conflict with an armed hostile force in the Republic of Vietnam. Private First Class Bateman distinguished himself by valorous actions on 15 May 1967 while serving as point man for Company B, 1st Battalion (Airborne), 327th. Infantry, while on a search and destroy mission in the Duc Pho vicinity. While moving down a trail Private First Class Bateman came under intense enemy automatic weapons fire from a well entrenched numerically superior North Vietnamese Army force. Without hesitation, and with complete disregard for his personal safety, he charged forward into the murderous hail of fire being directed at him until he was only forty meters from the enemy emplacments. Upon seeing the rest of his platoon pinned down, he stood up completely exposing himself to the enemy in an attempt to place effective fire on the insurgents and to draw their fire so that his comrades could withdraw the wounded. After his comrades had withdrawn, Private First Class Bateman remained in his exposed position, undaunted by the torrid wall of fire being directed at him, and continued to place effective supressive fire on the insurgents until he was killed by machinegun fire. Private First Class Bateman's extraordinary heroism, sound judgment and devotion to duty were in keeping with the finest traditions of the military service and reflect great credit upon himself, his unit, and the United States Army.
