Re: Acceptance for approval
Sherry Court Subdivision

Gentlemen:

Ted Skowron, the Highway Department Engineer, Mr. Chester Bryan, the Town Engineer, and I have inspected the maps of Sherry Court Subdivision and find that they meet the specifications as set forth by the Town of Cheektowaga and are subject to the following:

1. Bituminous coated metal pipe for storm sewers.
2. Crusher run for road base.
3. It will be the responsibility of the subdividor and/or the builder to plant trees in front of every home between the sidewalk and the curb within one year after the home is built.
4. Construction of paving, curbs, receivers and connections in the Sherry Court Subdivision roads described below:

SHERRY COURT: A 60 foot r.o.w. street, beginning at a point on the subdivision north boundry line, thence running southerly a distance of 179 feet to center of curve, thence continuing westerly for a distance of 632.98 feet to end in a cul de sac having a radius of 60 feet; fronting sublots 1 to 26; total length of street 811.98 feet.

BORDEAUX DRIVE: a 60 foot r.o.w. street, beginning at a point in the south right of way line of Sherry Court, thence running southerly for a distance of 150 feet to a point where it joins an already existing pavement of Bordeaux Drive at the north line of map cover 2260; fronting sublots 17 and 18.

No building permits to be issued until contract or maintenance bonds are submitted to the Highway Department. Mr. Carl Trafalski, the Building Inspector will be notified at the time when bonds are submitted. Building permits should specify trees to be planted as noted above.

Therefore, with reference to the above, I recommend approval for acceptance of the Sherry Court Subdivision.

Respectfully yours,
TOWN OF CHEEKTOWAGA

Item No. 44 Good Friday Proclamation

* * * * *

GOOD FRIDAY PROCLAMATION

In lands where the Christian religion prevails and among churches throughout our land, Good Friday represents a day of solemn prayer and rededication, especially in these times when all of us are more conscious of the everlasting debt we owe to our Creator.

Today, more than ever, we appreciate the moral grandeur and strength of Christianity as the bulwark against the forces of destructive ideologies, and it shall further our better tomorrows.

NOW, THEREFORE: I, Daniel E. Weber, Supervisor of the Town of Cheektowaga, do hereby appeal to my fellow citizens to reverently observe Good Friday, April 20, particularly between 12 noon and 3 P.M., with due meditation in church or chapel and I especially solicit the cooperation of employers in business and industry by permitting their employees to participate in this meditation during some part of these solemn hours. Flags flown at half-mast on our buildings will memorialize the death of Christ on the Cross on the first Good Friday.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Official Seal of this Town of Cheektowaga, to be affixed this 16th day of April in the year of Our Lord nineteen hundred and seventy-three.

PUBLIC NOTICE

Please take notice that in compliance with the United States Environmental Protection Agency's rules and regulations dated February 23, 1973, the Town of Cheektowaga, acting on behalf of the Town of Cheektowaga's Sewer Districts 2,4,5,6,7, 7 Est. 1, NFTA, including the Buffalo International Airport, and portions of the Village of Depew, Town of Amherst, Town of Lancaster affected, has called a public hearing on the proposed Waste Water Treatment Plant No.5 Expansion and related sewerage facilities to be constructed in the Town of Cheektowaga, to be held Monday, July 9, 1973 at 2:30 P.M., in the Town Hall, Council Chambers of the Town of Cheektowaga, Broadway and Union Road, Cheektowaga, New York. This project shall provide sewer service to the north half of the Town of Cheektowaga, the Niagara Frontier Transportation Authority facilities including the Buffalo International Airport, the westerly half of the Village of Depew, a small part of the Town of Amherst and Town of Lancaster, and New York State Thruway Facilities.

Briefly, the project consists of the construction of trunk and interceptor sewers, force mains, reconstruction enlargement and remodeling construction of excess flow collection, transmission and treatment facilities, and renovation and enlargement of the Water Pollution Control Plant No. 5 located on Central Avenue in the Town of Cheektowaga which services the present sewered area.

Construction of these facilities will eliminate the need to convey raw or partially treated municipal wastes to the City of Buffalo Bird Island Plant for duplicate treatment and eliminate nearly all of the present raw and partially treated municipal wastes from reaching Delaware Park Lake originating in the Town during wet weather flow periods.

All domestic wastes and all excess waste flows during wet weather will be conveyed to WPCP No. 5 for treatment and discharge to Scajaquada Creek.

The hearing is open to all. The public, all interested groups, Municipalities, Environmental and Conservation groups, Planning agencies, and others are encouraged to speak for or against the project. Alternate projects considered will be available for discussion.

One of the purposes of this hearing is to discuss the environmental effects of the proposed treatment plant expansion and excess flow facilities, sewers, and related facilities.

Documents and plans are available for inspection to all interested parties at the Town Engineer's Office, Town Hall, Broadway and Union Roads, Town of Cheektowaga, and in the Village Clerk's Office of the Village of Depew from 9:00 A.M. to 4:30 P.M., Monday through Friday each week.
