RE: Truck Chassis
(Sanitation Department)

Gentlemen:

At the regular Town Board Meeting of March 3, 1975, bids were received and opened for two (2) Truck Chassis for Sanitation Department. Two (2) bids were received as follows:

BIDDER	GROSS BID (2)	TRADE-IN (2)	NET BID (2)	DELIVERY
International Harvester Co.	$36,260.00	$3,200.00	$33,060.00	6-8 months
Buffalo White	$46,552.00	$2,700.00	$43,852.00	3 weeks (within 15 days of date)

It is recommended that the bids be rejected as low bidder did not meet the specification requirements and the high bid appears to be excessive. It is requested that the honorable Town Board readvertise notice to bidders for bid opening on April 21, 1975.

RE: Pick-up for Central Garage
and
Automobile for Sanitation Dept.

Honorable Town Board Members;

The Following is a brief summary of the use and condition of the two (2) vehicles in question.

FIRST, pick-up for Central Garage, our present 4 wheel drive pick-up truck is a 1970 3/4 ton Chevrolet. This truck has for five (5) years been used as a tow truck, snow plow and all around emergency vehicle. It has been the plight of this vehicleto enter our old land fill site on too many occassions for the purpose of repairing trucks, changing flat tires and many times we have had to tow back to our garage fully loaded garbage which were unable to be repaired at the dump. The present condition of this truck is very poor, if we keep it any longer far to many expensive repairs will have to be made in order to make this truck road worthy.

SECOND, auto for Sanitation Department, presently is a 1972 Dodge, Polara, This car has also been subjected to abnormal driving conditions by having to go into the land fill site on numerous occasions for the purpose of checking on broken trucks and proper land fill conditions. We have had to rebuild the transmission once already and will probably have to repair it again besides many other repairs in order to try and bring it up to its proper book value.

I would also like to bring to the Town Board's attention the fact that the low bidder on these vehicles have given us more in trade-in value than these vehicles are actually worth. If you do not move to accept these bids as submitted it will cost the Town more in the long run to repair these vehicles than to trade for new ones.

Hoping that the aforementioned has clearly stated the need for the purchase of these new vehicles.

Sincerly yours,

George Burst, Foreman

Re: 1975 Truck With Refuse Body

We recommend the rejection of all bids since only the highest bidder meets all of the requirements of the specifications. The Town specifications will be amended to specify a Detroit Diesel engine or equal. This specification requires delivery within 63 days. This can be amended as desired by the Town Board

In a recent letter from International Harvester we were advised that the three (3) chassis with packers as awarded to that firm on March 18, 1974 are scheduled for production on April 11, 1975. After production of these three (3) chassis we are advised that these units will then be shipped to the packer manufacturer for installation of the refuse packers.

Very truly yours,

Honorable Daniel E. Weber, Supervisor
Honorable Town Board
Town Hall, Cheektowaga, New York

Gentlemen:

Bids were opened and read at the Town Board meeting on April 7th, 1975 at 2:30 P.M. for Road Materials for the Town of Cheektowaga Department. After checking and tabulating bids received, I recommend that even though County Line Stone Co., Inc. County Line Road, Akron, New York was the lowest bidder that we reject this bid for the best interest of the Town of Cheektowaga because of the time involved to pick up the material and the added cost of gasoline, etc.

Kindly refer to the attached tabulation to award the bids to the lowest responsible bidders. Please note the first six items for the Ready Mixes, I would like the option to keep all three bidders in mind and use either or all as the need arises. The same applies to the Road Oil. No bids were received for concrete blocks, cement or mortar used for receivers.

I trust this meets with your approval.

Very truly yours,
TOWN OF CHEEKTOWAGA

I. SELECTION OF PERSONNEL

A. Application for Employment

1. Persons applying for a position on the staff of Catholic Charities of Buffalo, N. Y. are required to submit a written application on the form used for this purpose by Catholic Charities of Buffalo, N. Y.

2. In the case of the professional staff, the prospective staff member will be chosen in accordance with educational background, experience, indicated skill, personal qualifications and character. Catholic Charities encourages professional staff members, through available scholarships, to pursue further study in a Graduate School of Social Work.

3. The Prime Sponsor will review the credentials of applicants chosen by the Program Agent for staff positions.

4. The Program Agent will be responsible for the selection and employment of the Project Director in conjunction with the Prime Sponsor.

5. Three personal references are required upon application.

6. A physical examination is required of each applicant at the time of employment. Reports giving pertinent facts affecting employment become a part of the personnel record. The staff member is expected to take responsibility for carrying out any treatment which is recommended.

Physical examinations of the entire staff or of individual members of the staff may be required at other times during the period of employment by order of the Diocesan Director if, in his opinion, it is felt that this is necessary for the good of the staff member or members and the agency. The initial examination is at the expense of each staff member.

B. Terms of Employment

1. At the time of employment each employee will receive a copy of the salary scale of the agency.

2. There is a probationary period consisting of the first six months of employment for professional staff and three months for clerical staff. During the probationary period of professional and clerical staff members, on-going conferences should be had between the staff member and his Supervisor in order to review his performance thus far. Either Catholic Charities or the staff member is free to terminate this arrangement at any time during this period by the giving of two weeks' notice. However, Catholic Charities may terminate it at once by the payment of two weeks' salary in lieu of notice.

At the end of the aforesaid probationary period, the seniority of new staff members shall date from the day of actual acession to the payroll.

3. Regular staff members may be disciplined or their employment may be terminated for a just cause. Violation of any of the rules of Catholic Charities, incompetency, unsatisfactory work performance, incapacity for professional growth, or conduct contrary or detrimental to the spirit and religious character of Catholic Charities or its policies shall be sufficient cause for such discipline or termination of employment.

4. In the event of a reduction in the staff, length of service, education, skill, ability and adaptability will be considered as a basis for retaining staff members.

C. Personnel Record

A personnel record is kept for each staff member in the files of the Diocesan Director. It contains the application, references, confirmation of employment, work assignment, evaluations and correspondence. This material will not be made available to unauthorized persons.

D. Evaluation of Social and Clerical Workers

1. An evaluation of all staff members shall be submitted by his or her immediate Supervisor annually, on March 15th of every year, through channels to the Diocesan Director. An evaluation is also submitted upon the completion of the probationary period. Evaluations will be reviewed, in rough draft, by the Supervisor with the worker, and later, a finished copy submitted to the individual worker.

2. Evaluations will be the responsibility of the Supervisor for the major part of the period covered. This applies to the worker and Supervisor alike. Evaluations of a worker will be continued for a five year period for each level of each position held by the worker. After this five year period, a simple statement of continued satisfactory performance will suffice.

3. These evaluations, plus the factor of seniority in the Agency, enter into continuance of employment, salary increments, promotions, transfers and dismissals. The final responsibility for determining the evaluation rests with the Diocesan Director. If, after a full discussion, agreement is not reached, the person evaluated can file a written statement, subscribed by him, with the Diocesan Director, covering any point on which he disagrees with the evaluation, and this will become a part of his personnel record.

E. Promotions

Seniority, education, skill, ability and adaptability shall be considered in making promotions. Seniority is determined by continuous service with Catholic Charities.

Catholic Charities follows a standard policy of promotion from within whenever feasible, based on qualifications, skill and seniority.

#15

F. Transfer of Staff

Catholic Charities may, at its discretion and in accordance with its needs, make transfers within the agency -- this, only because an integration of the agency must be maintained. The continuance of adequate staff in the agency is of paramount importance.

In making transfers, however, Catholic Charities will seek to meet the desires of the staff member whenever feasible and may also arrange transfers at the request of staff members if in consonance with the needs of Catholic Charities. In the case of a transfer by the agency of the head of a household from one office to another within the Diocese, expenses incurred in moving shall be borne by the agency.

G. Termination of Employment of Regular Staff Members

A notice of resignation should be given to the Diocesan Director, a copy to the Supervisor, Department Head and Comptroller:

6 weeks prior to effective date for Supervisors and Administrative Personnel
4 weeks prior to effective date for Professional Staff
2 weeks prior to effective date for Clerical Staff

Termination of employment is at the discretion of the Diocesan Director. Final salary is to be withheld until all assignments are satisfactorily completed.

The vacation period shall not be considered sufficient notice applicable to the above or an ethical period in which to submit resignations and will not be included in the time usually required as sufficient for termination of service.

H. Age of Retirement

The ordinary time of retirement is the 65th birthday. Exceptions may be made and renewed annually by the Diocesan Director to age 70. Requests for exceptions are to be submitted in writing to the Diocesan Director six months prior to one's birthday.

Six months prior to an employee's 65th birthday, the Comptroller's office will advise the employee about benefits due to him upon retirement.

II. SALARIES

Salaries shall be in accordance with the Schedule in effect at the time of employment. Revision of salary schedule shall be periodically brought to the attention of the Board of Trustees of Catholic Charities by the Director.

Those staff members who declare on their Federal Income Tax Returns four or more exemptions will receive a designated amount for each additional exemption over and above four. In instances where funding sources disallow this item, Catholic Charities shall assume cost from its own funds.

III. FRINGE BENEFITS DURING EMPLOYMENT

A. Group Life Insurance

Prudential Group Life Insurance is available to all members of the staff of Catholic Charities, if application is made within three months of employment date. The insurance company will determine whether or not a physical examination is necessary. Staff members pay part of the premium, payable monthly, by payroll deduction. Catholic Charities pays the balance of the premium. A booklet entitled "Your Group Insurance Plan," describing all benefits, is provided each new staff member.

If a staff member leaves Catholic Charities, he may convert this policy, but at a different premium rate.

B. Hospitalization & Surgical Plan

A new staff member is eligible to join this plan within three months of employment date. The agency pays single coverage for all employees. Employees with family members pay a share of the cost for coverage of dependents. Insurance is extended for family members up until age 21, if attending school.

C. Compensation Insurance

All staff members are covered by Standard Workmen's Compensation Insurance. In the event an employee is injured on the job, a written report of the incident and details should be given immediately to the department head. Necessary forms should be forwarded to the Comptroller's Office.

D. Disability Insurance and Extended Illness

All staff members are covered by Disability Insurance in accordance with the laws of New York State. These benefits are payable to an employee when he is disabled by an OFF-THE-JOB injury or illness. The percentage prescribed by law is deducted from one's salary. The Agency pays the greater share of this insurance.

Extended Illness shall be defined as illness or disability exceeding seven (7) consecutive days caused by accidents, operations or prolonged illnesses needing constant medical or nursing care. This does not include illness caused by pregnancy. Staff members must notify their supervisor of an extended illness. Supervisors are to notify the Comptroller, who will request from the employee's physician the diagnosis and prognosis of the illness and the approximate amount of time he will be absent from work.

One hundred-thirty work days will be the maximum amount of extended sick leave granted during 52 consecutive weeks, said 52-week period commencing from the first day of disability as a result of extended illness. A staff member will be allowed credit on a full pay basis of one day for each month of service with Catholic Charities up to the time of the request, not to exceed 40 work days. The balance of the 130 days will be paid at 1/2 pay rate. Before any part of the balance is allotted, a new statement from the physician of the approximate time of disability will be required.

E. Social Security

All staff members are covered by Social Security.

F. Pensions

All staff members, when eligible, are covered by the Diocese of Buffalo Retirement Plan. Membership in this plan is a condition of employment. Eligibility is stated in the booklet entitled "Diocese of Buffalo Retirement Plan," a copy of which is provided at the time of employment and is available at the Comptroller's Office.

G. Unemployment Insurance

All staff members who have 20 weeks of covered employment are covered by Unemployment Insurance. Information regarding this benefit should be requested of the Bookkeeping Office.

The Program Agent shall do nothing to prejudice the U. S. Government's rights to recover against third parties for any such loss, destruction, or damage, and, upon the request of the County shall, at the U. S. Government's expense, furnish to the Government all reasonable assistance and cooperation (including the prosecution of suit and the execution of instruments of assignment in favor of the Government) in obtaining recovery. In addition, where the Program Agent has not been relieved from liability for any loss or destruction of or damage to Government property, the Program Agent shall enforce the liability of the Program Agent for such loss or destruction of or damage to the Government property for the benefit of the Government.

(e) Upon the completion of this contract, or at such earlier dates as may be fixed by the County, the Program Agent shall submit to the County, in a form acceptable to it, inventory schedules covering all items of the Government property not consumed in the performance of this contract, and not theretofore delivered to the Government, and shall deliver or make such other disposal of such Government property as may be directed or authorized by the County. The net proceeds of any such disposal shall be credited to the cost of the work covered by the contract or shall be paid in such manner as the County may direct.

INSURANCE (LIABILITY TO THIRD PERSONS)

(a) The Program Agent shall procure and thereafter maintain Workmen's Compensation, employer's liability, comprehensive general liability (bodily injury), and comprehensive automobile liability (bodily injury and property damage) insurance, with respect to performance under this contract, and such other insurance as the County may from time to time require with respect to performance under this contract: Provided, however, that the Program Agent, in fulfillment of its obligation to procure Workmen's Compensation insurance may, with the approval of the County, maintain a self-insurance program. And provided, further, that, with respect to Workmen's Compensation, the Program Agent is qualified pursuant to statutory authority. All insurance required pursuant to the provisions of this paragraph shall be in such form, in such amounts, and for such periods of time, as the County may from time to time require or approve and with insurers approved by the County.

(b) The Program Agent agrees to the extent and in the manner required by the County to submit for the approval of the County any other insurance maintained by the Program Agent in connection with the performance of this contract and for which the Program Agent seeks reimbursement hereunder.

(c) The Program Agent shall be reimbursed for the portion allocable to this contract of the reasonable cost of insurance as required or approved pursuant to the provisions of this clause.

ADMINISTERING THE PROGRAM

For administrative purposes, the Project Director of the Program to be established under the terms of this agreement shall be subject to the direction of the Chief Executive Officer of the sub-contracting organization. The Director of the aforementioned program shall be subject to the general direction of the County Executive's representative, the Director of Manpower Services, on an informal basis.

The parties agree that the Program Agent Project Director will make himself available to meet with the Director of Manpower Services or his representatives and other Program Directors, given sufficient notice, at a time and place designated by the Director of Manpower Services, for the purposes of sharing information on developments in program and the progress of the enrollees.

For informational purposes, in the absence of the Project Director, the Director of the Community Development Department will be in charge. Any change in responsibility will be reported to the Director of the Erie County Office of Manpower Services.

Should the Director of Manpower Services determine that an absence at the particular time requested would be deterimental to the program, then he may so advise the Project Director, who will withdraw his request for vacation leave. Denial may be due to the following:

1.) Writing a new contract.

2.) Poor evaluation of the program.

3.) Special reports or modifications or meeting previously requested on a day that conflicts with vacation time (every effort will be made to change the due date when possible.)

The Program Agent will make every attempt to fill those staff positions funded with County dollars with County residents. The Program Agent will also accept for consideration any qualified candidates referred through the Prime Sponsor's Intake Centers.

If qualified County people cannot be found, the Program Agent may, after consultation with the Director of Manpower Services, fill program staff vacancies with City residents.

The parties agree that the Personnel Policies and Practices of Catholic Charities, a copy of which is attached to this instrument, shall govern all personnel practices of the Program Agent's program, with regard to all salaried staff.

With regard to persons enrolled in the program, they shall be entitled to all stipends and benefits provided for in the aforementioned program budget.

The Program Agent agrees that, prior to the release of any information to or the granting of any interviews with representatives of the communications media, it will notify the Director of Manpower Services and seek his concurrence. It will also provide a copy of any press release to the Office of Manpower Services prior to its release to the communications media.

The Program Agent further agrees that it will include in every press release, and make a point of mentioning in every interview, that its program is funded by the County of Erie through federal manpower revenue-sharing funds.

TO THE SUPERVISOR AND THE
HONORABLE TOWN BOARD MEMBERS
TOWN OF CHEEKTOWAGA

Re: Pressure Applied Concrete

Gentlemen:

At the regular Town Board meeting of May 5, 1975, bids were received and publicly opened for restoration of concrete surfaces with pressure applied concrete (Gunite) at the Central Avenue sewage treatment plant. Two (2) bids were received for eleven (11) different rework areas and are as follows:

Hudson-Rumsey Co., Inc.	$ 43,856.50
Patterson-Stevens, Inc.	$ 33,970.00

The cost of this concrete repair appears to be excessive. The New York State Department of Environmental Conservation inspection of the sewage treatment plant required concrete repair and we inspected the site together with Mr. Clare of said department on May 14, 1975. It mutually was agreed that the amount of concrete work could be reduced. It is, therefore, recommended that these bids be rejected and that approval be granted for receipt of bids for a reduction in scope of work.

Very truly yours,

Re: Topsoil and Sand-Clay Loam

Gentlemen:

At the regular Town Board meeting of May 5, 1975, bids were received and publicly opened for the purchase of Topsoil and Sand-Clay Loam for the Parks Department for the year of 1975. One (1) bid was received as follows:

Wilfred Schultz-Owner

Item I	Topsoil (General Purpose)	$ 3.80 cu/yd.
Item II	Sand-Clay Mixture (Ball Diamond Infield)	$ 4.00 cu/yd.

The Cheektowaga Highway Department also opened bids on May 5, 1975 for Gravel, Grit and Topsoil (Regular and Shredded). Two bids were opened for the Highway Dept. Their letter of May 7, 1975 to the Town Board recommends award to Wilfred Schultz-Owner as being the lowest bid and also is the only bidder for the Parks Department.

It is, therefore, recommended that the bid be awarded to Wilfred Schultz, 337 North Ogden Street, Buffalo, New York for the submission of the lowest bid meeting the requirements of the specifications for the Sand-Clay mixture only. It is also recommended that the Parks Department purchase the required topsoil through the Highway Department award resolution as their proposal specified delivered or pick-up prices and would give the Parks Department the option of delivery or pick-up of topsoil at a cost savings.

A copy of the Highway Department recommendation is attached for your information.

Very truly yours,

VI. SUSPENSION OF RULES

Item No. 42 Resolution re: L.E.E.P. FUNDS.

Motion by Councilman Johnson, seconded by Councilman Meyers

BE IT RESOLVED that the Town of Cheektowaga memorialize local area Congressmen, Jack Kemp, Henry Nowak, and John LaFalce, asking them to vote against any proposed decreases in LEEP funds. In addition, that a letter be forwarded to Congressman John Slack, Representative from West Virginia House of Representatives, Washington, D.C. requesting that no cutback in LEEP funds be passed this year as it would be extremely detrimental to efforts to achieve further police professionalism through higher education for in-service officers. If it is impossible to avoid reducing available LEEP funds, then BE IT FURTHER

RESOLVED that the Town of Cheektowaga feels that it is imperative that those LEEP funds that are available for Fiscal Year 1975-1976 be awarded on a priority first basis to in-service agency members who are attending colleges to upgrade their educational credentials. In-service agency members are already participating as members in the criminal justice system and their eventual impact on the system is assured whereas funds awarded to pre-service students could be wasted as many of these students will be unable to be gainfully employed in criminal justice agencies. Representative John Slack is the Chairman of Sub-committee on State Justice and Commerce which is the committee which will consider the budget cutbacks in LEEP funds, and BE IT FURTHER

RESOLVED that copies also be sent to local municipalities in Erie County.

Re: Pick-Up Truck Bid Award

These bids were reviewed with Mr. George Burst. The lowest bid of Mid City Dodge fails to meet the specification on the control to the snow plow, however, in view of the cost saving of $736, Mr. Burst and I recommend that this bid be accepted. This bid award would then be in the amount of $9,956 and awarded to Mid City Dodge Inc., 2185 Walden Avenue, Cheektowaga, New York 14225.

Very truly yours,

REGARDING PROPOSED NOB HILL PARK SITE.

Honorable Cheektowaga Town Board
Broadway And Union Road
Cheektowaga, New York

June 13, 1975

Gentlemen,

Enclosed please find the appraisal which is dated May 19, 1975. This was the day that I started putting the whole appraisal together, and was waiting only for the new pictures that I had decided to retake. The old ones had snow on the ground, as I did take a lot longer time than I thought I would need to complete this appraisal. I had to do a justified appraisal, needed more time to do more deeper research. I am sorry for the delay, but this one appraisal was tough and I needed the extra time, I took to do it. Thank you.

APPRAISAL REPORT FOR THE

PROPOSED NOB HILL PARK SITE

May 19, 1975

Honorable Cheektowaga Town Board
Broadway And Union Road
Cheektowaga, New York

RE: Approximately 34 Acres Of
Vacant Land Off Cayuga Road
Cheektowaga, New York

Gentlemen,

In accordance with your request, I have made an appraisal of the above property for the purpose of estimating its fair market value price as of May 19, 1975.

Market value price is defined as the highest price in the terms of money, a property would bring if exposed for a sale in the open market, allowing a reasonable time to find a purchaser who would buy with full knowledge of all its uses to which the property is adapted and for which it is capable of being used.

As a result of the appraisal and analysis, it is my opinion that the current fair market value of said property is ($158,500.00). One Hundred Fifty-eight Thousand, Five Hundred and 00/100 Dollars.

This report contains 31 pages.

Respectfully Submitted,

THE NEIGHBORHOOD

Since 1950, the entire environment off Cayuga Road area has changed to the present. (1) Airport Industrial Park, (2) Comptek Research, Incorporated, (3) Moto Top Homes, (4) Boces, (5) Four-Wall Courts, (6) Industrial Bearing Corporation, (7) Castine's Distribution Beverage, (8) The Cayuga Snack Bar, and (9) The Genesee Airport. Through Ellen Drive, Terry Lane, and back to Cleveland Drive are all residential homes prices ranging as low as $15,000.00 to as high as $27,000.00. Cayuga Road is partially mixed with residentials and then becomes very commercial at the section between Cleveland Road and Ellen Drive. With all this change in the general environment in business and the fast growth of this township, also the supply and demand for business and residence properties in the Town of Cheektowaga, the property and land values have inflated and increased by annual appreciation.

LAND VALUATION

The value of land in the immediate area has been well established by most recent sales and comparibles. Consideration has been given to land and property appreciation in price, since that time also the supply and demand for properties in subject area. This appraiser will make her comments regarding land valuation in her summary and conclusions.

PURPOSE OF APPRAISAL

The purpose of this appraisal is to estimate the fair market value of the enclosed described vacant land, a total of approximately 34 acres west off Cayuga Road between Cleveland Drive and Ellen Drive, Cheektowaga, New York.

HIGHEST AND BEST USE

The highest and best use for the subject property is for a park for public use serving residential occupants.

It is presently joined by residential and commercial properties surrounded on three sides by single dwellings and fewer two family dwellings and one side being mostly commercial.

In the opinion of the appraiser, it does not appear that any use, other than the above mentioned, would be compatable with the surrounding area.

Entire Appraisal Was Divided Into 8
Parcels In Order To Describe More Fully

Taken off survey, east line of land shown under Map Cover 1761, southeast corner of Sublot 13, south line of land shown under Cover 2009.

COMMENTS OF THE APPRAISER

This appraiser apologises for the unusually long length of time this appraisal took to put together, but in order to come to a justified fair market value price, I took the time I needed.

The 29 acres of vacant land known as daggiers pit, one large portion has a cavity of about 20 feet deep. This as I found out from several engineers, surveyors and land fillers will be too costly to fill. Builders have told this appraiser, they would not be interested in any development for homebuilding because improper fill was being dumped which eventually would lead to a collapse of the property. Also, there are no sewers available. Cost to such improvement would cost a half a million dollars. This excludes the possible use for low density homes to be built on this property. The engineers of Cheektowaga have also told me about no permits being issued for sewers for large subdivisions. Gas companies are not giving permits for gas hookups, etc.

The only alternative is that the Cheektowaga Town Planning Boards says that a park is allowable. Since there are plans for a small lake to be in the park, the deep cavity would make a good manmade lake possibility.

I appraised Parcel A, consisting of 29 acres at $2,500.00 an acre because of the difference of elevation between different points. Parcel B was appraised for $62,000.00 being zoned commercial and the comparable will show it does indeed warrant

such a price. Parcels C through H, I have appraised at $4,000.00 per one lot, as on a few of the lots, there are variance permits to apply before homes could be built and much more fill would be needed. There are sewers permits being given the priorities, I understand from the town engineers, therefore, I allowed more for these 6 lots as the town may want to consider buying only certain parcels of this appraisal. Certainly it would be an improvement to this town since the area is infested with large rats, snakes, bugs, garbage of all kinds, etc. Of course, a block away are Amherst residents that would be hard to keep out of a park that close to them.

SUMMARY AND CONCLUSION

The appraiser has considered the application of the approaches used in seeking the final estimate of value and it is the opinion of the appraiser that the Market Data Approach provides the most rational conclusion of determining the Fair Market Value of the subject property.

The value was derived through an analysis of area land sales and also with consideration given to size, shape, location, drainage and utilities.

The value stated in this report is based on fee simple title.
